ABOUT US

Erkofis was established in 1989 to produce office furniture. Erkofis, which has been trying to offer the best products and project application to its customers without sacrificing quality since its establishment has gained a place at the summit with its high quality products and excellent service concept in its sector by producing chairman tables, working tables and file cabinets etc... It has put its signature under major projects both in Turkey and abroad. Since the day we were founded, we aim to produce contemporary and original designs with today's technology by targeting change, development and innovation. Erkofis Office Furniture continues its production in many fields such as office and executive sets, chairman sets, working tables, meeting tables, reception desks by giving priority to quality and comfort elements.

WHY ERKOFİS?

It develops furnitures of different colors and models, tailored to individual and living spaces. We make installation of our products and services with our expert staff and we aim to keep always customer satisfaction at the top with the technical support we provide after sales. While maintaining our success in the office furniture market domestically, we also export our products to many countries including the Middle East and Africa.

WE CARE ABOUT YOUR LIVING SPACES

To provide our customers who need office furniture products and services with the requirements for better quality work and living spaces, with the awareness of social and environmental responsibility based on customer satisfaction. Without compromising the quality of our 30-year service approach; our aim is to start the pioneering work in our own field, constantly renewed technology and always to provide better quality just in time. Also we aim to transfer our backlog to future generations by blending our knowledge and experience.

OUR QUALITY POLICY AND OBJECTIVES

As Erkofis Office Furniture, our goal is to protect the trust of our customers in our products, to meet the needs and expectations at the highest level and to be the pioneer and leader of the sector. With our brand is to increase customer confidence globally and to become a world brand in office furniture. In addition to its success in fields such as export, quality and product development, Erkofis Office Furniture has adopted a production strategy that is sensitive to human beings and ecological values with its sense of responsibility towards the society.
